### **Eddy Skilled Nursing**

*Centralized Referral Line* | (518) 382-4502

Eddy Skilled Nursing Services provide seven trusted nursing homes with one shared philosophy. We are proud to manage this area's most respected and highly rated nursing homes. We have exceptional people working with us... people who are not only competent, but compassionate at heart, personally committed to our residents and their families. When you or your loved one comes to an Eddy nursing home, you join our family. Each of the Eddy's facilities provide 24-hour skilled nursing care in a warm, friendly environment. We encourage residents to remain as independent as possible, while we provide as much personal assistance as necessary. Sub-acute, short-term rehabilitation services are also available. The Eddy is a proud member of St. Peter's Health Care Partners, the Capital Region's most comprehensive provider of integrated health care, supportive housing and community services.

### **Eddy Visiting Nurse & Rehab Association/ Eddy Health Alert**

[www.sphp.com](http://www.sphp.com) | (518) 270-1317

Eddy Visiting Nurse & Rehab Association is a regional leader in home health care, providing a full range of services, including nurses; home health aides; physical, occupational and speech therapists; medical social workers; and nutritionists. Specialty services include home infusion therapy, palliative care, diabetes education and wound-ostomy-continance care. Eddy Visiting Nurse & Rehab Association offers the most advanced technologies to achieve the best patient outcomes, including a full range of medical equipment, telehomecare monitoring to reduce readmissions to the hospital, and our Eddy Health Alert personal emergency response systems providing instant access to an emergency call center staffed by trained professionals—all with the simple push of a button. Patients with rehab only needs can be admitted by a physical therapist. We are the only home health agency in the region offering anodyne therapy for neuropathy, mobile bioness units to help with functional limitations, Vital Stim to assist with swallowing, and more. Most services are covered by Medicare, Medicaid and private insurance plans. We will work with your physician to obtain orders and with your insurance to obtain authorization.
